Dear resident,

**My parents moved here from India to work for the NHS, and we made our home round here. My love for nature and the environment – now my career – was nurtured here.**

Growing up in Cheadle Hulme and Bramhall, I was a young carer for my brother and I saw the hurt caused by damaging Conservative policies. That's why I work to help people every day, as a councillor and cabinet member, and as a board member of a local advocacy group.

As a climate policy expert, I've made real progress on climate action. I work with government, councils, and businesses on climate policy and protecting areas like ours.

And I know I can help even more people as Tatton's MP. I care deeply about Tatton: I grew up round here, my family lives locally, and my wife and I plan to start our own family here. I'll keep fighting for the things people in Tatton tell me they need every day: services fit for the future, a sound economy, care for our communities.

Above all, I'll be a hard-working, full-time MP – and proud to be our most local MP ever.

## My pledges to you:

- ✓ I'll be a full-time, visible MP living in Tatton with no second job
- ✓ I'll be proud to be our most local MP ever and deliver change
- ✓ I'll work for you, using all my experience as a councillor and cabinet member
- ✓ I'll work to fix our broken public services and tackle the cost of living crisis
- ✓ I'll ensure our natural environment, towns, and villages can thrive

**Ryan Jude,**  
*Labour's candidate for Tatton*

## “ As a local GP, I see our NHS in crisis

I fully support Ryan in his campaign to be Tatton's MP and to improve our Health and Social Care system. He has supported the vulnerable as a councillor and through local charities, and I know he will make a real difference to people's lives.”

**– Dr Liz Grant,**  
*Handforth GP*

## “ Conservatives have let Tatton down

I was a member of the Conservatives here in Tatton and voted for them – but the chaos of the last few years has hurt everyone. We can't go on like this, and I know that only Ryan and Labour can deliver the change we need now. I'll be voting for him.”

**– Chris Daniel,**  
*Wilmslow, Retired Senior Executive*

## “ This time I'm voting Ryan and Labour

I've voted for the Lib Dems and the Greens – but this election I know only Labour can defeat the Conservatives in Tatton. Ryan's work as an environmental policy expert and as a council cabinet member means he already has a record of delivering change. We need that in Tatton.”

**– Rachel Plant, Lymm**
